Sheryl Faye
as
Amelia
Earhart

MARCH 9TH, 12:30 PM

Sheryl Faye as Amelia Earhart

Tuesday, March 9
12:30– 4:30

[Register](#)

We are excited to welcome back Sheryl Faye for her performance of Amelia Earhart, Pioneer in Aviation! Amelia Earhart's fearless, adventuresome spirit leads to hair-raising rides down her homemade roller coaster, and she is enthralled with the wonders of the new "flying machines" during a family vacation to the Iowa State Fair. As she matures, she is fulfilled by her work as a nurse's aide and begins to consider a career in medicine. This idea "flies out the window," however, when she pays a pilot \$1.00 to take her up for a short "hop" in his plane. From then on, the science of aviation becomes her passion as flying becomes her career. She follows her dreams with an indomitable spirit, and her story will inspire everyone to pursue their own budding interests, whatever they may be, and will also reinforce the importance of family, respect for others and individuality.

This is a 35 minute prerecorded show, sponsored by FOLOCA and co-hosted by Longmeadow Adult Center and Storrs Library, that will be available by password on Vimeo from 12:30 pm – 4:30 pm on Tuesday, March 9th. Register in advance to receive the video link and password on the day of the program.

Paddy on the Railway: Irish and the Building of

the Great [Western] Massachusetts Railway

Wednesday, March 10
6:30 pm– 7:30

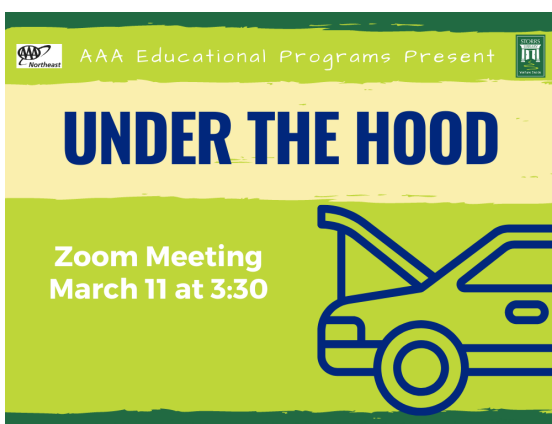

[Register](#)

Join Storrs Library and Longmeadow Historical Society for a discussion with Dennis Picard on Irish laborers and their role in the building of the Massachusetts Western Railroad in the 19th century. The Western Railroad of Massachusetts was a five-year project chartered in February 1833. It linked Boston and Worcester to Springfield, and reached across the Connecticut River to the New York state line. Thousands of skilled and unskilled workers from many different ethnic groups contributed to the labor of this project, with the majority of laborers being of Irish birth or heritage. "Paddy on the Railway" revisits this 1830s construction project and its accomplishments owed to the vast amounts of manual toil, as well as how the Irish, who had been looked down upon by other parts of society, came to be recognized for their contributions to the effort.

Please register in advance to receive the meeting link.

Dennis Picard has been a museum professional in the living history field for over 40 years at both Old Sturbridge Village and Storrowton Village Museum. He has authored many articles on the lifestyles and folkways of New England and served as a consultant for historical societies and museums. Dennis is also the host of the "Treasures from the Attic" series with Longmeadow Historical Society and Storrs Library.

This program is cosponsored by Storrs Library, Longmeadow Historical Society, Longmeadow Adult Center as part of our "Hidden Voices of History" series. This program is made possible through CARES Act funding to Federal Institute of Museum and Library Services as administered by the Massachusetts Board of Library Commissioners.
